

## **KRIS FONTAINE'S DISCLAIMER**

### **THE CHOICE IS YOURS ...**

**I, Kris Fontaine, use the tools of Astrology, Tarot, Clairvoyance and Light Energy (a healing force) in my readings. I interpret your reading through my perception; my aim is to guide, assist, advise and support you in making your own choices, not to take the reins out of your hands.**

**By analysing and assessing your planetary, Tarot and various other esoteric influences, I perceive an understanding of the energies occurring in your life at any given point in time – and *nothing* is set in stone.**

**Please acknowledge your reading's contents, whilst avoiding too much expectation, fear or powerlessness concerning the messages presented to you. My readings are not so much about predicting, as about assisting you to make life-enhancing decisions. The ultimate choice is always your own.**

**So be good to yourself, and use your reading as a road map – you choose the direction you take, be it consciously or unconsciously.**
